

We are a mobile society. That's why we at Onlife Health, a national provider of comprehensive wellness solutions, launched our AlwaysOn® mobile app. It lets any member with a smartphone connect with their plan, improve their health, and stay inspired anytime, anywhere.

Intuitive dashboard Message or call a health coach

Track fitness activities

With the AlwaysOn® mobile app, members can engage with wellness 24/7. It's easy and convenient. And no matter how you segment your organization, AlwaysOn® is fully-configurable to your service bundle and branding.

## On-the-go features:

- Connect with a health coach through HIPAA-compliant, in-app secure messaging, or use the click-to-call button.
- Set personal goals and track progress.
- · Take a health assessment.
- Track data synced from 80+ personal activity tracking devices and apps.
- · Earn and track incentive balances.
- Available for Apple and Android smartphones.

Contact us to find out how we can power your wellness solution today.
